FAN_KITCHEN

ROMPE GLI SCHEMI TRADIZIONALI DELLA CUCINA
PROIETTANDOSI VERSO SOLUZIONI BRIOSE E CREATIVE,
RIDIFINENDO GLI SPAZI ABITATIVI.

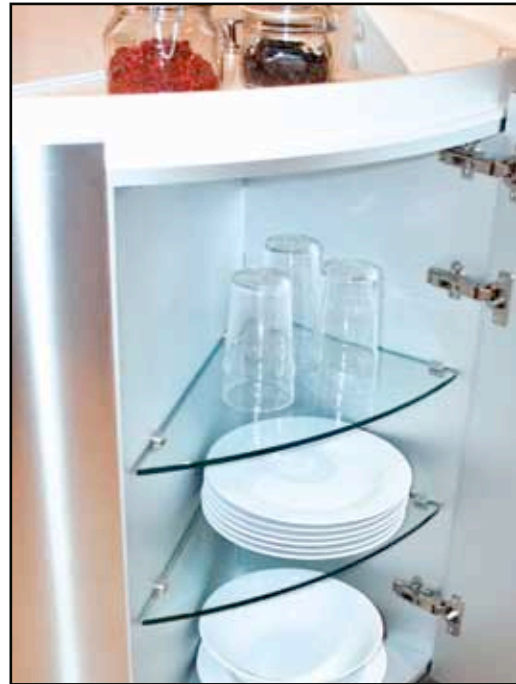

LE FINITURE SONO MATERICHE E RICERCATE, COME L'ACCIAIO CHE
SI ACCOSTA ALLA MORBIDEZZA DEL PIANO DI LAVORO IN
SOLID SURFACE, PER UN PROGETTO CHE LEGA CUCINA E
AMBIENTE LIVING IN ARCHITETTURE INEDITE E
TOTALMENTE PERSONALIZZABILI.

FAN_KITCHEN breaks away from traditional kitchen layout
and looks towards spightly and creative ideas
redefining the living spaces.

The finishes are textured and refined, like steel that is used
together with the soft Corian unit top ones for a
project that links the kitchen to the living room using
original and completely customisable architectural forms.
